“ I grew up with Tony. we lived just up the street on main. we went to clara barton, east junior, and alton high together. he was a unique person. I can't remember him saying anything negative about anyone. growing up he was always smiling. I would consider him a special friend. I will miss him. I wish I had kept in touch.

“ John and Little Tony: Mark and I just saw Tony's obit and we are just shocked. So sorry we didn't make his visitation. Tony was a great big cuddly bear! He was one of the most thoughtful, sweet, and enjoyable men to be around I've ever known. Many years ago your mom and dad stopped at the house on Mother's Day after going to the winery in Grafton. Tony had found a bottle of wine from the winery in Germany where your mom had worked and gave it to me for Mother's Day. It was the best wine I've ever had. His love of auctions was a long one. He made them so much fun. When your mom passed away he called to let me know and was obviously taking her death very hard. Mark had stopped by his house several times since Elvira died but wasn't able to catch him at home. We will miss your dad and hold him in our hearts forever. Whenever you get a chance please give us a call (556-9844).
